RENESAS

HZK Series

Silicon Epitaxial Planar Zener Diodes for Stabilized Power Supply

REJ03G0018-0300Z (Previous: ADE-208-126B) Rev.3.00 May.14.2003

Features

- Low leakage, low zener impedance and maximum power dissipation of 500 mW.
- Wide spectrum from 1.9V through 38V of zener voltage provide flexible application.
- LLD Package is suitable for high density surface mounting and high speed assembly.

Ordering Information

Туре No.	Mark	Package Code
HZK Series	Color Code	LLD

Pin Arrangement

Absolute Maximum Ratings

 $(Ta = 25^{\circ}C)$

Item	Symbol	Value	Unit	
Power dissipation	Pd *	500	mW	
Junction temperature	Tj	175	°C	
Storage temperature	Tstg	-55 to +175	°C	

Note: With P.C. Board.

Notes regarding these materials

- Notes regarding these materials
 1. These materials are intended as a reference to assist our customers in the selection of the Renesas Technology Corporation product best suited to the customer's application; they do not convey any license under any intellectual property rights, or any other rights, belonging to Renesas Technology Corporation or a third party.
 2. Renesas Technology Corporation assumes no responsibility for any damage, or infringement of any third-party's rights, originating in the use of any product data, diagrams, charts, programs, algorithms, or circuit application examples contained in these materials.
 3. All information contained in these materials, including product data, diagrams, charts, programs and algorithms represents information on products at the time of publication of these materials, and are subject to change by Renesas Technology Corporation without notice due to product improvements or other reasons. It is therefore recommended that customers contact Renesas Technology Corporation or an authorized Renesas Technology Corporation product best product information before purchasing a product listed herein.
 The information described here may contain technical inaccuracies or typographical errors.
 Renesas Technology Corporation assumes no responsibility for any damage, liability, or other loss rising from these inaccuracies or errors.
 Please also pay attention to information contained in these materials, including product data, diagrams, charts, programs, and algorithms, please be sure to evaluate all information as a total system before making all decision on the applicability of the information and products. Renesas Technology Corporation ses necesons including the anglorithms, lease be sure to evaluate all information as a total system before making a final decision on the applicability of the information and products. Renesas Technology Corporation assumes no responsibility for any damage, liability, or other loss res

- Refease retring the control semiconductors are not designed or manufactured to use in a device or system har is used under circumstances in which number harman her spotential at stake. Please contact Renesas Technology Corporation or an authorized Renesas Technology Corporation for an use of a product contained herein for any specific purposes, such as apparatus or systems for transportation, vehicular, medical, aerospace, nuclear, or undersea repeater use.
 The prior written approval of Renesas Technology Corporation is necessary to reprint or reproduce in whole or in part these materials.
 If these products or technologies care subject to the Japanese export control restrictions, they must be exported under a license from the Japanese government and cannot be imported into a country other than the approved destination.

- Any diversion or reexport contrary to the export control laws and regulations of Japan and/or the country of destination is prohibited. 8. Please contact Renesas Technology Corporation for further details on these materials or the products contained therein.
